

ArcSoft **TOTALMEDIA™ 3.5**

Bringing the ultimate TV experience to your PC

- Schedule and record your favorite TV shows using EPG and burn them to DVD
- Wide variety of TV standards support: analog, DVB-T, ATSC, ISDB-T 1-Seg, T-DMB (DMB/DAB), DVB-H
- Broad DVB-T chipset support, including: DiBcom, Philips, Conexant, Micronas and Zarlink
- USB IC support, including: Empia, Uli, Trident, Afatech Genesys, Cypress and Asicen
- Capture and edit video with ease, and author your own DVD home movies
- Edit and enhance photos with ultra-simple controls; effortlessly share photo slide shows
- Build custom audio playlists, listen to digital radio, rip audio CDs and burn music discs
- Supports Hybrid, DVB-T, ATSC and Analog TV-Tuners
- Supports dual tuner PIP (picture in picture) and PBP (picture by picture)
- Unicode support for broader file playback and display
- Works with mobile devices such as Windows SmartPhones, Pocket PCs, and MTP-based devices
- DX-VA support for smoother video playback without consuming too much system resource
- The To Go feature allows you to transfer and convert your TV shows, photos, video, and music to your portable device to enjoy anytime, anywhere
- NetShare - Share multimedia files with other devices, including computers and UPnP or DLNA-compliant peripherals

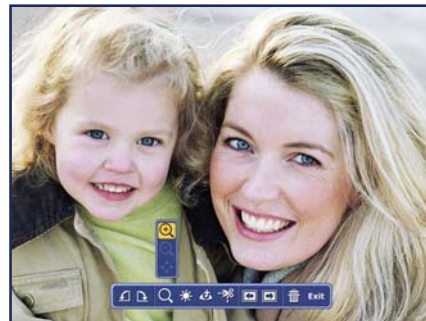

ArcSoft TotalMedia™ 3.5 is a powerful application designed for ease-of-use. The program features big-button controls for easy navigation, and works both as a PC program (2-foot experience) and a remote-controllable TV application (10-foot experience). Pulling together functions of TV tuners, card readers, DVD drives, and removable devices, TotalMedia offers an all-in-one solution for TV/video/music playback, PVR, photo viewing and editing, audio CD ripping, burning video and music discs, transferring media to portable devices, and more.

TV

- Dual tuner support
- DVB-T, analog and ATSC tuner support
- Internet and digital EPG
- Burn your favorite shows to DVD
- Custom recording schedule
- Time-Shift recording
- Subtitle support

MODULAR SOLUTIONS

TotalMedia is a totally modular application, and fully customizable to meet your marketing, product, and client needs.

PORTABLE MEDIA DEVICE COMPATIBILITY

Extends beyond your computer desktop by importing and exporting video, photos, and music to and from your portable media players.

EXCELLENT RETURN ON INVESTMENT

TotalMedia is designed for easy deployment and minimal consumption of system resources

PERFECT FOR BUNDLING WITH ANY DEVICE

Works great as an add-on for TV tuner devices, digital cameras, DVD drives, PCs, notebook computers, and media-centric hardware.

SYSTEM REQUIREMENTS

Windows 2000/XP/Vista • Pentium 4 1.2 GHz or equivalent • 150 MB free hard drive space for program installation • 256 MB RAM (512 MB DDR RAM recommended) • 16-bit color display at 800x600 (32 MB video memory with DirectX 3D support recommended) • DirectX 9 or above
 Note: For time-shifting and MPEG-2 capturing, a Pentium 4 2.0 GHz processor (or higher) or equivalent is required. To support high-definition TV, we recommend enabling DX-VA (video card hardware acceleration), minimum requirement for display adapters: ATI Radeon 7200 or above • nVidia GeForce MX 440 or above • Intel 82865 or above
 Languages: E, F, I, G, S, D, SW, BP, CS, CT, J, K
